

South Carolina Regional Transmission Planning

(SCRTP)

Stakeholder Meeting

September 8, 2011

Hilton Garden Inn

North Charleston, South Carolina

The Attendees List is attached.

The purpose of this meeting is to review initial results of the annual reliability transmission planning (RTP) studies examining “system” performance against requirements included in NERC standards and company internal planning criteria.

The welcome and introduction were made by Tom Abrams and Clay Young.

Presentations on the agenda for today were given by:

Local reliability studies by Joseph Hood for SCE&G and William Gaither for Santee Cooper

CTPCA future year assessments for 2015/18 summer by Kale Ford

SERC future year assessment for 2017 summer by Kale Ford

ERAG Assessments by Phil Kleckley

SCE&G/Santee Cooper/Southern Company Interface Study by William Gaither

Review of proposed changes to Transmission Expansion plans by Joseph Hood for SCE&G and William Gaither for Santee Cooper

Stakeholder input and discussion of alternates on updated Transmission Expansion Plans led by Clay Young. No alternatives were suggested by the stakeholder group.

FERC Order 1000 by Clay Young

Next meeting activities: SCRTP stakeholders will propose and select 5 intra-Regional economic transfers for study. The proposed inter-Regional economic transfers will be advanced to the SIRPP.

The meeting concluded at 12 noon.
